“Empty Bowls” is an International Project that was started by John Hartom, in 1990. He organized a charitable event to give art students and the community a way to make a personal difference. Participants choose a bowl to use for a simple meal of soup and bread and keep as a reminder of all the empty bowls in the world.

Empty Bowls, which is a 501(c)3 organization, has supported food related charities around the world and has raised millions of dollars.
